Art Gallery of Ontario
March 31, 2008

MANAGERIAL RESPONSIBILITIES

The Board of Trustees, which is responsible for, among other things, the financial statements of the **Art Gallery of Ontario** [the "Gallery"], delegates to management the responsibility of the financial statements. Responsibility for their review is that of the Finance Committee. Each year the Trustees of the Gallery appoint independent auditors to audit and report directly to them on the financial statements. The financial statements were prepared by management in accordance with Canadian generally accepted accounting principles, which were consistently applied. Management maintains a system of internal accounting controls to ensure that transactions are accurately recorded on a timely basis, are properly approved and result in reliable financial statements. There are limits inherent in all systems based on the recognition that the cost of such systems should not exceed the benefits to be derived. Management believes its system provides the appropriate balance in this respect.

The Gallery's Finance Committee, which carries out the function of an Audit Committee, is appointed by the Board of Trustees annually. The Finance Committee is comprised of members of the Board and two ex-officio non-voting members of management. The Finance Committee meets with management and with the independent auditors [who have free access to the Finance Committee] to satisfy itself that each group is properly discharging its responsibilities and to review the financial statements and the independent auditors' report. The Finance Committee reports its findings to the Board of Trustees for its consideration in approving the financial statements for issuance to the Members of the Gallery.

AUDITORS' REPORT

To the Members of the
Art Gallery of Ontario

We have audited the balance sheet of the **Art Gallery of Ontario** as at March 31, 2008 and the statements of operations and changes in net surplus (deficit) and cash flows for the year then ended. These financial statements are the responsibility of the Gallery's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Gallery as at March 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

1. DESCRIPTION

The Art Gallery of Ontario [the "Gallery"] is incorporated under the Art Gallery of Ontario Act, 1966 [the "Act"] and is a transfer payment recipient of the Ministry of Culture of the Province of Ontario by virtue of this Act. The Gallery holds its collection of works of art in trust for the people of Ontario.

The Art Gallery of Ontario Foundation [the "Foundation"] is incorporated under the laws of Ontario as a separate corporation without share capital and receives and manages the general endowment funds held for the benefit of the Gallery. The accounts of the Foundation are not included in the accompanying financial statements. Funds from the Foundation are given to the Gallery when approved by the independent Board of Trustees of the Foundation [note 14].

The assets and liabilities of the Gallery's pension plan are reported separately and are not included in these financial statements.

The Gallery is a registered charity under the Income Tax Act (Canada) and, as such, is exempt from income taxes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

Revenue recognition

The Gallery follows the deferral method of accounting for contributions, which include donations and government grants. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Donations are recorded on a cash basis since pledges are not legally enforceable claims. Contributions externally restricted for purposes other than endowment are deferred and recognized as revenue in the year in which the related expenses are recognized. Endowment contributions are recognized as direct increases in net assets in the year in which they are received. Annual membership fees are included in operating revenue as received. Revenue from the sale of goods and services is recorded when the goods are delivered and the services are rendered.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

Cash and cash equivalents

Cash and cash equivalents consist of cash on deposit, bankers' acceptances and guaranteed investment certificates with an original term to maturity of less than 90 days.

Inventories

Inventories, which represent goods held for resale, are valued at the lower of cost and net realizable value. Inventory value is determined using the weighted average method.

Works of art

The value of works of art has been excluded from the balance sheet except for a nominal value of \$1,000. Gifted works of art are recorded as revenue at values based on appraisals by independent appraisers. Accession of art for collection, both gifted and purchased, is expensed.

Capital assets

Purchased capital assets are recorded at cost. Contributed capital assets are capitalized at fair market value at the date of contribution. Capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Buildings and building improvements	20 to 40 years
Equipment and furnishings	3 to 10 years

Interest costs related to the funding of capital assets are capitalized during the construction period.

Translation of foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the year end rate. Revenue and expenses are translated at the rate in effect on the settlement date.

Donated materials and services

The value of materials and volunteer and other services donated to the Gallery is not recorded in the financial statements.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

Pension plan

The Gallery accrues its obligations under employee benefit plans and the related costs, net of plan assets. The cost of pensions earned by employees is actuarially determined using the projected benefit method pro rated on service and management's best estimate of expected plan investment performance and salary escalation. Past service costs from plan amendments are amortized on a straight-line basis over the average remaining service period of employees active at the date of amendment. The transitional asset and the excess of the cumulative balance of any net actuarial gain (loss) over 10% of the greater of the benefit obligation and the fair value of plan assets is amortized over the average remaining service period of active employees. The average remaining service period of the active employees covered by the pension plan is 16 years. Liabilities are discounted at current rates for long-term debt.

Contributions to the money purchase component of the pension plan are expensed when due.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

Changes in accounting policies

Effective April 1, 2007, the Gallery adopted the recommendations of CICA 3855: *Financial Instruments – Recognition and Measurement* and CICA 3861: *Financial Instruments – Disclosure and Presentation*. CICA 3855 establishes standards for recognizing and measuring financial instruments, including the accounting treatment for changes in fair value. As permitted by CICA 3855, the Gallery's financial assets and liabilities continue to be presented at amortized cost which approximates fair value. Therefore, the adoption of these recommendations did not have an impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

Future changes in accounting policies

The CICA has issued two new standards, CICA 3862: *Financial Instruments - Disclosures* and CICA 3863: *Financial Instruments - Presentation*, which enhance the abilities of users of financial statements to evaluate the significance of financial instruments to an entity, related exposures and the management of these risks. The CICA has also issued a new accounting standard, CICA 1506: *Capital Disclosures*, which requires the disclosure of qualitative and quantitative information that enables users of financial statements to evaluate the entity's objectives, policies and processes for managing capital. In addition, the CICA has issued a new accounting standard, CICA 3031: *Inventory*, which requires additional disclosures and sets out new rules that may affect the valuation of inventories.

These new standards, which will be adopted by the Gallery effective April 1, 2008, will only require additional disclosures in the financial statements, except for CICA 3031: *Inventories*. The Gallery does not anticipate any significant impact on the Gallery's financial position or on the results of its operations from adoption of this new standard.

3. WORKS OF ART

As at March 31, 2008, the collection consisted of approximately 72,880 [2007 - 68,010] works of art. [b] The Gallery has negotiated construction financing through a loan agreement effective April 20, 2006 to assist with the financing of the Transformation AGO expansion project. The loan is a revolving loan for up to \$75 million during construction and converts to a term loan after construction. The Gallery may borrow using advances at prime or bankers' acceptances at the bankers' acceptance rate plus 100 basis points. As at March 31, 2008, there was a total of \$21,911,000 drawn via bankers' acceptance on the revolving loan [2007 - nil] at a rate of 3.61%. A standby interest expense of 20 basis points per annum is calculated for the unused portion of the \$75 million revolving loan and is payable on a quarterly basis. Standby interest expense for 2008 was \$138,000 [2007 - \$131,000]. The loan matures on March 31, 2011.

The loan agreement provides for letters of credit for up to \$5 million within the \$75 million limit. As at March 31, 2008, there were outstanding letters of credit of \$1,133,000 [2007 - \$1,133,000].
