

COURSE SYLLABUS

Introduction to Printmaking (18+) Weekend Intensive

Instructor: Cleopatria Peterson

August 24 - 25, 10 am - 5 pm

Class 1: Screenprint

- We will focus on introducing techniques for screen printing that can be replicated at home. We will spend the first part of class creating stencils that will be used to create our prints. Students will be able to leave knowing screenprint basics, and with prints that have at least two layers.

Class 2: Linocut

- In this class we will begin with basic lino cutting relief prints, working with easy cut lino. In the second half of class we will take what we've learned from the first session and work with the harder lino and create prints using the studio's press. Students will get to create prints that include embossing and collage techniques. Students will leave knowing relief print basics and with a variety of prints.
