

INTRODUCTION TO PRINTMAKING (18+) Weekend Intensive

Instructor: Cleopatria Peterson

SATURDAY AUGUST 8 & SUNDAY AUGUST 9, 10AM – 5PM

COURSE SYLLABUS

Class 1: **Relief Printing with Linocut**

The class will begin with getting comfortable with carving our blocks to create multi-colour prints using the jigsaw technique. Students will learn how to transfer their sketch to blocks and tips for carving. We will learn to print by hand, and for the second half of the class students will get to use the printing press to create embossed prints, while also learning collage techniques.

Class 2: **Screenprinting**

The class will begin with an introduction to creating stencils for screenprinting. Once ready, students will get to learn how to prep their screen and get printing. The second half of the class will introduce layering and creating gradients. Students will be encouraged to trade prints with one another.
