

PRINTMAKING EXPLORATIONS: LINOCUT (18+) 4-Week

Instructor: Cleopatria Peterson

WEDNESDAY, AUGUST 5 – AUGUST 26, 6-9PM

COURSE SYLLABUS

Class 1: **Introduction to Carving and handprinting**

Students will be introduced to block printing using easy carve lino and create their first block print which they will print by hand during class. We will begin brainstorming work on our reduction prints.

Class 2: **Reduction Linocut Printmaking**

Now that students are more comfortable with carving and printing, we will be using a single block to create a print of at least three layers through reduction techniques.

Class 3: **Printing on a press & collage techniques**

Students will get to experiment with a different type of linoleum in class and use the printing press. We will learn how to wet our paper and learn how to use collage in our printmaking process.

Class 4: **Jig-Saw Linocut**

Instructor will demo jig-saw linocut techniques so students will learn how to print one block with multiple colours at once. This class will be spent printing and catching up on our projects and students will be encouraged to trade prints at end of class.

MATERIALS LIST

ALL MATERIALS ARE PROVIDED.
